INDEX TO VOLUME 22

A

Adrenals, hemorrhage in, report of case with recovery, 226
Age as factor in susceptibility of young workers to toxic substances, 121
  coming of, 635 (B. rev.)
  menarcheal, and height, weight and skeletal age of girls, age 7 to 17 years, 518
  skeletal, and height and weight of girls, age 7 to 17 years, and menarcheal age, 518
Agerty, H. A., Ziserman, A. J., and Shollenberger, C. L., 233
Agglutinins, persistence of, after vaccine for H. pertussis, 637
Agranulocytosis, fatal, following sulfathiazole therapy, 432
Aldrich, C. Anderson, and Pierce, P. P., 30
Allergy in children, histaminase in treatment of, 426
Alsever, William D., 459
American Academy of Pediatrics:
  Meeting of executive board, 126
  Twelfth annual meeting, 253, 494, 612, 739
Anderson, Margaret, Robinow, M., and Leonard, V. La., 655
Andrews, Albert H., Jr., 510
Anemia, acute hemolytic, hemolysins in, 387
  hemolytic, chronic, with paroxysmal nocturnal hemoglobinuria (Marchiafava-Micheli syndrome), report of case with marked thrombocytopenia in 5-year-old child, 30
Anomalies, congenital, cardiac, simplifying clinical differential diagnosis of most common types of, 664
Anthropometry in pediatrician's office, 155
Athletic injuries, prevention of, diagnosis and treatment, 134 (B. rev.)

B

Baum, W. S., Lichty, J. A., Jr., and Katsampes, C. P., 549
B. coli, role of, and their toxins in epidemic diarrhea of newborn infant, 60
Berger, Arthur, Peshkin, M. M., Rapaport, H. G., Messer, W., Feuer, I., and Sicular, A., 426
Blatt, Maurice L., Rubens, E., Kaplan, M., and Borovsky, M. P., 70
—, Steigmann, F., and Dyniewicz, J. M., 719
Blood, low carbon dioxide content of, as prodrome of diarrhea in newborn infant, 205
  sedimentation rate of, finger puncture method for, 565
Body, measurements, selected, norms for, based on studies of children of North European stock, 155
Book reviews:
  Advances in Pediatrics, 508
  Athletic Injuries: Prevention, Diagnosis and Treatment, 134
  Coming of Age, 635
  Epidemiology of Rheumatic Fever and Some of Its Public Health Aspects, 635
  General Report of the Committee for the Study of the Care and Education of Physically Handicapped Children in the Public Schools of the City of New York, 133
  Human Embryology, 511
  Infant Care, 132
  Manual of Oxygen Therapy Techniques, Including Carbon Dioxide, Helium, and Water Vapors, 510
  Mental Illness: A Guide for the Family, 510
  Nasal Sinuses: An Anatomic and Clinical Consideration, 758
  Nutrition and Chemical Growth in Childhood; Vol. I, Evaluation, 134
  Opportunities for Preparation of Teachers in Health Education: A Survey of 20 Teachers' Colleges, 132
  Outline of Psychiatric Case Study, 510
  Social Work as a Profession, 509
  Social Work Year Book, 1943, 509
  Survey of Mentally and Physically Handicapped Children in Connecticut: A Report of the Committees on Education of Handicapped Children, 508
  Tuberculosis Sanatorium Directory, 133
  White House Conference on Children in a Democracy, Washington, D. C., Jan. 18-20, 1940, Final Report, 511
Borovsky, Maxwell P., Blatt, M. L., Rubens, E., and Kaplan, M., 70
Borow, Henry, and Maliner, M. M., 664
Brown, Esther Lucile, 509

C

Cannon, Paul R., Kato, K., and Sherman, M. S., 432
Carbon dioxide, low content of, as prodrome of diarrhea in newborn infant, 205
Child research council, families of, study of families whose children are similar to those in urban pediatric practice, 111
Childhood and infancy, mixed immunization in, 439
  treatment of paroxysmal auricular tachycardia in, 459
  nutrition and chemical growth in; vol. I, evaluation, 134 (B. rev.)
  phenolphthalein, tolerance in, 719
Children, allergy in, histaminase in treatment of, 426
  dangers of repeated administration of sulfadiazine and sulfathiazole in, 513
  dysentery in, effect of sulfathiazole in treatment of, 70
  exercise tolerance test as measure of chronic fatigue in, 194
  inoculation of, with egg-passage measles virus, results following, 1
  physical condition of, assessing, 82, 208
  physically and mentally handicapped, survey of, in Connecticut, 508 (B. rev.)
    handicapped in public schools of City of New York, general report of committee for the study of care and education of, 133 (B. rev.)
  posture of, new approach to quantitative analysis of, 655
  previously inoculated with egg-passage measles virus, results of chance and planned exposure to unmodified measles virus in, 17
  young, and infants, circulation time in, determined by fluorescein method, 726
Circulation, time of, in infants and young children determined by fluorescein method, 726
Clemens, Harry H., 731
Cohen, Herbert G., and Witzberger, C. M., 726
Collins, George, Knott, E. M., Kleiger, S. C., and Schlutz, F. W., 43
Colostrum as source of diphtheria antitoxin in actively immunized pregnant mothers, 189
Connecticut, survey of mentally and physically handicapped children in, 508 (B. rev.)
Cooper, Merlin L., and Keller, H. M., 418
Correspondence, 735
Cryptorchidism, 175

D

Davidsohn, Israel, Poncher, H. G., and Weir, H. F., 387
Danis, Peter G., Gallagher, F. W., and Jones, L. R., 171
Davies, John R., 570
Denzer, Bernard S., and Felshin, G., 239
De Sanctis, Adolph G., 508
—, Larkin, V. DeP., and Green, M., 673
Development, growth and, 739 (Panel discussion)
Diarrhea, epidemic, of newborn infant, colon organisms and their toxins in, role of, 60
  in newborn infant, low carbon dioxide content as prodrome of, 205
  infantile, comparison of sulfadiazine and sulfapyrazine in chemotherapy of, 652
Diphtheria antitoxin, colostrum as source of, in actively immunized pregnant mothers, 189
Diseases, tropical, 612 (Round table discussion)
Ductus arteriosus, diagnosis and evaluation of compensated and uncompensated patency of, 50
Dunlop, Dorthea Greene, 111
Dyniewicz, Josephine M., Blatt, M. L., and Steigmann, F., 719
Dysentery, effect of sulfathiazole in treatment of children with, 70

E

Embryology, human, 511 (B. rev.)
Encephalitis, premeasles, 731
Erythroblastosis fetalis, Rh factor in, of newborn infant, relation to jaundice, 171
Exercise tolerance test as measure of chronic fatigue in children, 194

F

Fatigue, chronic, exercise tolerance test as measure of, in children, 194
Fedder, Ruth, and Lloyd-Jones, E., 635 (B. rev.)
Felshin, Gertrude, and Denzer, B. S., 239
Feuer, Irving, Sicular, A., Berger, A., Peshkin, M. M., Rapaport, H. G., and Messer, W., 426
Fever, artificial, use of, in therapy of anterior poliomyelitis, 142
Finger puncture method for sedimentation rate, 565
Fink, Herbert Wm., and Wilson, J. L., 513
Florman, Alfred L., 202
Fluorescein, use of, in determining circulation time in infants and young children, 726

G

Gallagher, Fred W., Danis, P. G., and Jones, L. R., 171

Girls, age 7 to 17 years, menarcheal age and height, weight, and skeletal age of, 518
Goiter, congenital, sporadic, obstructive, with recovery following operation in 13-day-old infant, 570
Goldman, A., Lapin, J. H., and Klein, W., 175
Greulich, W. W., and Simmons, K., 518
Grid method, assessing the physical condition of children by, 82, 208, 329
Growth and development, 739 (Panel discussion)
failing, simple malnutrition, a problem of, 208
chemical, and nutrition in childhood; vol. I, evaluation, 134 (B. rev.)

H

Health education, opportunities for preparation of teachers in, survey of 20 teachers' colleges, 132 (B. rev.)
Heat, infrared, effect of, on localized poliomyelitis and neuritis, 135
Heart, defects of, congenital, simplifying clinical differential diagnosis of most common types of, 664
Height, weight, and skeletal age of girls, age 7 to 17 years, and menarcheal age, 518
Hemoglobinuria, paroxysmal, nocturnal, chronic hemolytic anemia with (Marchiafava-Micheli syndrome), report of case with marked thrombocytopenia in 5-year-old child, 30
Hemolysins in acute hemolytic anemia, 387
H. parainfluenzae, acute, febrile illness with rash and leucopenia due to, 202
H. pertussis, agglutinative, reaction for:
I. persistence of agglutinins after, 637
II. its relation to clinical immunity, 644
Hemorrhagic disease (*See* infant, newborn, hemorrhage in)
Histaminase in treatment of allergy in children, 426
Hobson, J. J., and Rucks, W. L., 226
Hubbard, John P., 50
Humber, J. B., Miller, J. J., Jr., Silverberg, R. J., and Saito, T. M., 637, 644
Hydrocephalus, communicating, treatment of, 690

I

Ileum, perforation of, in newborn infant, with operation and recovery, 233
Immunity, clinical, relation of agglutinative reaction for H. pertussis to, 644
Immunization, mixed, in infancy and childhood, 439
Infancy and childhood, mixed immunization in, 439
treatment of paroxysmal auricular tachycardia in, 459
rickets in, safety of large doses of vitamin D in prevention and treatment of, 707
Infants and young children, circulation time in, determined by fluorescein method, 726
care, 132 (B. rev.)
newborn, diarrhea in, low carbon dioxide content as prodrome of, 205
disturbed kidney function in, associated with decreased calcium: phosphorus ratio, 559
epidemic diarrhea of, role of colon organisms and their toxins in, 60
hemorrhage in, vitamin K in, 77
perforation of ileum in, with operation and recovery, 233
Staphylococcus aureus in mothers and, humoral antibodies for, 549
13-day-old, sporadic, congenital, obstructive goiter with recovery following operation in, 570

J

Jaundice of newborn infant, Rh factor in relation to, 171
Jones, Lloyd R., Gallagher, F. W., and Danis, P. G., 171

K

Kaplan, Max, Borovsky, M. P., Blatt, M. L., and Rubens, E., 70
Kato, Katsuji, Sherman, M. S., and Cannon, P. R., 432
Katsampes, Chris P., Lichty, J. A., Jr., and Baum, W. S., 549
Keller, Helen M., and Cooper, M. L., 418
Kidney, function of, disturbed, in newborn infant associated with decreased calcium:phosphorus ratio, 559
glomerular development in, as index of fetal maturity, 695
Kleiger, Sarah C., Knott, E. M., Schlutz, F. W., and Collins, G., 43
Klein, William, Goldman, A., and Lapin, J. H., 175
Kleinschmidt, Earl E., 132 (B. rev.)
Knott, Elizabeth M., Kleiger, S. C., Schlutz, F. W., and Collins, G., 43
Krafka, Joseph, Jr., 511 (B. rev.)
Kurtz, Russell H., 509 (B. rev.)

L

Lapin, Joseph H., 439, 452
—, Klein, W., and Goldman, A., 175
Larkin, V. DeP., and De Sanctis, A. G., 673

Leonard, Verna L., Anderson, M., and Robinow, M., 655
Lichty, J. A., Jr., Katsampes, C. P., and Baum, W. S., 549
Liebling, Joseph, and Schmitz, Herbert E., 189
Lloyd-Jones, Esther, and Fedder, R., 635 (B. rev.)
Lubschez, Rose, Wilson, M. G., and Schweitzer, M. D., 468, 581

M

Macy, Icie G., 134 (B. rev.)
Maliner, Martin M., and Borow, H., 664
Malnutrition, simple, a problem of failing growth and development, 208
Marchiafava-Micheli syndrome, chronic hemolytic anemia with paroxysmal nocturnal hemoglobinuria, report of case with marked thrombocytopenia in 5-year-old child, 30
Maris, Elizabeth P., Stokes, J., Jr., O'Neil, G. C., Shaffer, M. F., and Rake, G., 1, 17
Maturity, fetal, glomerular development in kidney as index to, 695
McClure, Wallace B., 60
McCormick, Harold W., 133
Measles, studies on:
IV. results following inoculation of children with egg-passage measles virus, 1
V. results of chance and planned exposure to unmodified measles virus in children previously inoculated with egg-passage measles virus, 17
Messer, William, Feuer, I., Sicular, A., Berger, A., Peshkin, M. M., and Rapaport, H. G., 426
Milk, breast, question of adequacy of, in meeting thiamine requirements of infants, 43
Miller, John J., Jr., Silverberg, R. J., Saito, T. M., and Humber, J. B., 637, 644
Mothers, humoral antibodies for Staphylococcus aureus in infants and, 549
pregnant, actively immunized, colostrum as source of diphtheria antitoxin in, 189

N

Nelson, Winifred, and Snelling, C. E., 77
Netzley, Ralph E., 194
Neuritis, effect of, infrared heat on, and localized poliomyelitis, 135
News and notes, 130, 634, 755
Nutrition and chemical growth in childhood, 134 (B. rev.)

O

O'Neil, Gerald C., Shaffer, M. F., Rake, G., Maris, E. P., and Stokes, J., Jr., 1, 17
Oxygen, therapy techniques with, including carbon dioxide, helium, and water vapor, 510 (B. rev.)

P

Panel discussions:
Growth and development, 739
Vitamin B complex, 494
Paul, John R., 635
Pediatrician and the war, 250, 493, 634, 736
age as factor in susceptibility of young workers to toxic substances, 121
Pediatrics, advances in, 508 (B. rev.)
practice of, urban, a study of families of Child Research Council whose children are similar to those in, 77
Peshkin, M. M., Rapaport, H. G., Messer, W., Feuer, I., Sicular, A., and Berger, A., 426
Peterman, M. G., 690
Phenolphthalein, tolerance to, in childhood, 719
Physical condition of children, assessing, 82, 208, 329
Pierce, Paul P., and Aldrich, C. A., 30
Poliomyelitis, anterior, nonspecific therapy in, 142
localized, effect of infrared heat on, and neuritis, 135
Poncher, Henry G., Weir, H. F., and Davidsohn, I., 387
Porencephaly, 673
Posture, children's, new approach to quantitative analysis of, 655
Potter, Edith L., and Thierstein, S. T., 695
Preu, Paul William, 510 (B. rev.)
Psychiatry, mental illness, a guide for the family, 510 (B. rev.)
outline of case study, 510 (B. rev.)
Purpura fulminans (Waterhouse-Friderichsen syndrome), report of case with recovery, 226

R

Rake, Geoffrey, Maris, E. P., Stokes, J., Jr., O'Neil, G. C., and Shaffer, M. F., 1, 17
Rapaport, Howard G., Peshkin, M. M., Messer, W., Feuer, I., Sicular, A., and Berger, A., 426
Ratio, calcium:phosphorus, decreased, disturbed kidney function in newborn infant associated with, 559
Rheumatic fever, familial epidemiology of:
I. genetic studies, 468
II. epidemiologic studies, 581
and some of its public health aspects, 636 (B. rev.)
Rh factor in relation to jaundice of newborn infant, 171

Rickets in infancy, prevention and treatment of, safety of large doses of vitamin D in, 707
prevention of, with single massive doses of vitamin D, 396
Robinow, Meinhard, Leonard, V. L., and Anderson, M., 655
Round table discussion:
Tropical diseases, 612
Rubens, Eli, Kaplan, M., Borovsky, M. P., and Blatt, M. L., 70
Rucks, W. L., and Hobson, J. J., 226

S

Saito, T. M., Humber, J. B., Miller, J. J., Jr., and Silverberg, R. J., 637, 644
Schlutz, Frederic W., Knott, E. M., Kleiger, S. C., and Collins, G., 43
Schmidt, William M., 121
Schmitz, Herbert E., and Liebling, J., 189
Schweitzer, Morton D., Lubschez, R., and Wilson, M. G., 468, 581
Shaffer, Morris F., Rake, G., Maris, E. P., Stokes, J., Jr., and O'Neil, G. C., 1, 17
Sherman, Mary Stults, Kato, K., and Cannon, P. R., 432
Shigella paradysenteriae, susceptibility of, to sodium sulfathiazole and sulfaguanidine in vitro, 418
Shollenberger, C. L., Ziserman, A. J., and Agerty, H. A., 233
Sicular, Adele, Berger, A., Peshkin, M. M., Rapaport, H. G., Messer, W., and Feuer, I., 426
Silverberg, R. J., Saito, T. M., Humber, J. B., and Miller, J. J., Jr., 637, 644
Simmons, Katherine, and Greulich, W. W., 518
Sinuses, nasal, anatomic and clinical consideration, 758 (B. rev.)
Snelling, C. E., 559
—, and Nelson, W., 77
Social work as profession, 509 (B. rev.)
year book, 1943, 509 (B. rev.)
Sodium sulfathiazole and sulfaguanidine in vitro, susceptibility of Shigella paradysenteriae to, 418
Staphylococcus aureus, humoral antibodies for, in infants and their mothers, 549
Steigmann, Frederick, Blatt, M. L., and Dyniewicz, J. M., 719
Stern, Edith M., 510
St. Geme, J. W., 205
Stokes, Joseph, Jr., O'Neil, G. C., Shaffer, M. F., Rake, G., and Maris, E. P., 1, 17
Stone, Simon, 142
Stuart, Harold C., and Vickers, V. S., 155
Sulfadiazine and sulfapyrazine, comparison of, in chemotherapy of infantile diarrhea, 652
sulfathiazole, dangers of repeated administration of, in children, 513
Sulfaguanidine and sodium sulfathiazole in vitro, susceptibility of Shigella paradysenteriae to, 418
Sulfapyrazine and sulfadiazine, comparison of, in chemotherapy of infantile diarrhea, 652
Sulfathiazole and sulfadiazine, dangers of repeated administration of, in children, 513
effect of, in treatment of dysentery in children, 70
therapy with, fatal agranulocytosis following, 432

T

Taran, Leo M., and Weisz, A., 565
Tachycardia, paroxysmal, auricular, treatment of, in infancy and childhood, 459
Teachers in health education, opportunities for the preparation of, survey of 20 teachers' colleges, 132 (B. rev.)
Thiamine requirement of infants, question of adequacy of breast milk in meeting, 43
Thierstein, Samuel T., and Potter, E. L., 695
Thorndike, Augustus, 134 (B. rev.)
Thrombocytopenia, marked, in 5-year-old child, 30
Tonsillectomy clinic, 239
Toomey, John A., 135
Toxic substances, age as factor in susceptibility of young workers to, 121
Tuberculosis sanatorium directory, 133 (B. rev.)
Tudor, Richard B., 652

V

Vaccine, whooping cough, 452
Van Alyea, O. E., 758 (B. rev.)
Vickers, Vernette S., and Stuart, H. C., 155
Virus, measles, egg-passage:
IV. results following inoculation of children with, 1
V. results of chance and planned exposure to unmodified measles virus in children previously inoculated with, 17
Vitamin B complex, 494 (Panel discussion)
D, large doses of, safety of, in prevention and treatment of rickets in infancy, 707
single massive doses of, prevention of rickets with, 396
K in hemorrhagic disease of newborn infant, 77

Vitamins B and E, use of, in therapy of anterior poliomyelitis, 142
E and B, use of, in therapy of anterior poliomyelitis, 142

W

War, pediatrician and, 250, 493, 634, 736
age as factor in susceptibility of younger workers to toxic substances, 121
Waterhouse-Friderichsen syndrome (*See* Adrenals, hemorrhage in)
Weight, height, and skeletal age of girls, age 7 to 17 years, and menarcheal age, 518
Weir, Homer F., Poncher, H. G., and Davidsohn, I., 387
Weisz, Albert, and Taran, L. M., 565
Wetzel, Norman C., 82, 208, 329
White House Conference on children in a democracy, Washington, D. C., Jan. 18-20, 1940, final report, 511 (B. rev.)
Whooping cough, vaccines for, 452
Wilson, James L., and Fink, H. W., 513
Wilson, May G., Schweitzer, M. D., and Lubschez, R., 468, 581
Witzberger, C. M., and Cohen, H. G., 726
Wolf, I. H., 396, 707

Z

Ziserman, A. J., Agerty, H. A., and Shollenberger, C. L., 233
